NAME: _____ **DOB:** ____ / ____ / ____ **Phone:** _____

ADDRESS for mailing results: _____ / _____ / _____
Mailing Address City Zip State

EMAIL for patient portal: _____

Consent for testing: St. Johns Health Wellness Screening is an elective procedure. I have self-referred for this screening. St. Johns Health Lab will call any "critical results" to the listed phone number. It is my responsibility to follow-up with my physician. If I provide my Jackson area physician's name, he/she may be provided with all results and called instead of me. Your results will be mailed to the address provided above. I release St Johns Health Wellness and Laboratory for any liability as it relates to the collection, testing and reporting of results.

Data Sharing: St. Johns Health participates in CommonWell Health Information Exchange to connect and securely share information for the best continuity of care for our patients. I consent to participate and understand that educational information, including opt out options are available to me at all registration areas and at www.stjohns.health

My signature on this document confirms that I understand this is a self-pay service not payable or billable to insurance whether patient is insured or not.

Client Signature: _____

Copy my results to: (health provider): _____ **(you must be their patient)**

Wellness Screening Choices:

Blood Chemistry Profile - \$35.00 FASTING REQUIRED Screening for glucose, heart, liver, kidney, and thyroid function.
